

Reliance trial meeting 08-08-25 minutes

Present

Stu Symonds  
Keith Goodwin  
Paul Hornsby  
Brian Dale  
Ray Critchlow  
Mike Critchlow  
Kenton Hackney  
Bill Brown

A general discussion about the possibility of the club running the trial was had ,with all present being in favour of the general principle of the club taking over the organising of the trial after some discussions and consideration of various aspects of what is involved .

Stuart Symonds suggested a list of topics that needed further consideration should be drawn up (at this meeting) rather than go into any depth at this meeting .

**Trial Format** at present the trial is a one lap of 30 sections starting and finishing at Booth Farm and is a round of the NBBC .

**On line entry system** ( Bill suggested the use of the system he manages and is already in use for 2 rounds of the championship )

**Paying Online**

**Land owners** ( we need a introduction to the land owners )

**Leadership role** ( someone in overall charge but with others given individual tasks )

Finding Observers and allocating them to sections ( we need list of observes used in the past)

Fuel wagon

Route Marking

Results

Contacting /Paying land owners

Etc

**Front runners / sweeping up**

**Payment of setting out team / observes ?**

**Additional classes** ( the addition of twin shocks was agreed to insure a good entry number but this would be on a no award basis . The use of other more modern bikes could be a option for the front runners as this system is used by other clubs in the series .)

Next meeting this time with Mike Gallagher from the Poachers club invited , ( Bill to contact Mike for possible dates )

Tuesday was a possible option .

Venue for the next meeting The Harrington Arms Bosley
